金融、運籌及統計公開講座

Public Lecture on Finance, Operational Research and Statistics

An Introduction to Commonly Used Methods and Data in Official Statistics

Mr. Frederick W. H. HO

*former Commissioner for Census and Statistics
(Hong Kong: 1992-2005)*

Date: 28 March 2008 (Friday)

Time: 12:30-1:30 pm

Venue: Wofoo Student Centre

RRS Level 4, Sir Run Run Shaw Building

Ho Sin Hang Campus

Hong Kong Baptist University

Introduction to the speaker/talk

Having retired from government service in 2005, Mr. Ho continues to be active in the statistical field. He is now an Honorary Professor in the Department of Statistics and Actuarial Science of the University of Hong Kong, an Adjunct Professor in the Statistics Department of the Chinese University of Hong Kong and a Statistical Advisor of the National Bureau of Statistics of China. He also undertakes occasional projects for international statistical organizations. In the talk, Mr. Ho will speak on the commonly used series of official statistics, such as population, prices, national income, trade and so on. He will also introduce commonly used statistical methods for data collection and analysis.
